PROFILE INFO

Passionate front-end developer with a background in cybersecurity, now expanding my expertise into full-stack development. With strong skills in HTML, CSS, JavaScript, and React.js, I focus on creating robust, user-friendly applications. My cybersecurity experience enhances my commitment to building secure and scalable web solutions. seeking a front-end role where I can apply my skills, collaborate with talented teams, and contribute to innovative projects. Let's connect if you're looking for a developer who combines security-mindedness with a drive for growth and full-stack development.

EXPERIENCE

2024 - PRESENT

Projects

- E-Commerce Website: Developed a responsive e-commerce site using React.js and Firebase, featuring dynamic product pages, a shopping cart, and secure user authentication.
- Restaurant Website: Built a user-friendly restaurant site with an online menu, reservation system, and responsive design using React.js and Bootstrap.
- AirPods Max Landing Page: Designed a sleek landing page with high-quality visuals and CSS animations, achieving a 95+ Google Lighthouse score for performance and accessibility.
- Additional Projects: Worked on various web development projects, further honing skills in HTML, CSS, JavaScript, and front-end frameworks.
